

CRIPLEY MEADOW ALLOTMENTS 14.77 ACRES

2008 revised site plan

River Thames

Fiddlers Island

Fiddlers Stream

Port Meadow

Castle Mill Stream

Castle Mill Stream

Disused Ground

Advised this cannot be reclaimed by us as considered too dangerous. Major works, such as digging (trench) through to the clay layer and new landscaping and new retained walls have been done and broken the banks of Fiddlers Green. As it is enclosed its safety limited by UCC and we understand it cannot be considered for reclamation until available accessible by us. The plan has discussed it to improve security, safety, fence and clearance at the same time.

New Fence with access gates for clearance 2007

New Fence 2007

Site Date Jan-2008
